whether willingly or unwillingly public celebrities are often the focus of discussion of moral matters and political causes but how does this sort of celebrity culture function in a country such as china with a powerful central state contemporary chinese celebrities explores how in today s china celebrity figures embody conflict with and engage with social civil moral and economic issues shenshen cai examines the state s governance of celebrity activism and the interplay between the propaganda machine and the stars analyzing examples of scandalous celebrities who act as activists in a moral domain which is tightly governed by the state cai also studies several sports stars who have emerged in recent years as political activists in china and their open defiance of the chinese political system that poses unprecedented challenge to the party s rule

the modern histories of china and japan are inexorably intertwined their relationship is perhaps most obvious in the fields of political economic and military history but it is no less true in cultural and art history yet the traffic in artistic practices and practitioners between china and japan remains an understudied field in this volume an international group of scholars investigates japan s impact on chinese art from the mid nineteenth century through the 1930s individual essays address a range of perspectives including the work of individual chinese and japanese painters calligraphers and sculptors as well as artistic associations international exhibitions the collotype production of artwork and the emergence

of a modern canon

this book presents theoretical insights into key aspects of chinese brand cross cultural communication such as psychological distance implicit context brand narrative and influence of bridge crowds this book applies the psychological distance theory of communication to study the psychological distance strategy of cross cultural communication of chinese brands from macro and micro perspectives and proposes to resolve cultural differences by adjusting psychological distance based on the above theories the authors construct the cross cultural communication strategy model for chinese brands in which the following models have been proposed such as the stages of globalization for chinese brands internationalization of chinese enterprises general as well as several application models chapter ix includes five cases studies including huawei crrc yongji cofco yili thailand and the walking lunar new year s eve dinner project which represent four types of brands high end equipment fast moving consumer goods high technology and cultural activities brand this book not only provides readers with a broader understanding of brand cross cultural communication research but also offers practical suggestions for companies in emerging market countries especially chinese enterprises that are undergoing brand globalization

it probably goes without saying that anti monopoly law and practice are of very recent vintage in china in august 2008 118 years after the sherman act and 50 years after the treaty of rome china s anti monopoly law aml came into effect since then the enforcement of the aml has seen significant progress as well as considerable challenges this volume comprised of 27 highly informative contributions by more than 40 government officials academics economists in house lawyers and private practitioners introduces novice practitioners to the complexities of antitrust law in china and provides new insight for those already working in the field generally following the structure of the text of the aml topics and issues covered include the following an overview of the first five years of aml implementation the institutional framework for antitrust enforcement in china monopoly agreements between market players abuses of dominance

committed by a single company problems and potential solutions for information exchanges between competitors the economics underlying retail price maintenance refusals to deal procedural and substantive practice of merger decisions the application of merger control to joint ventures administrative monopolies and the tension between competition and industrial policies ways to seek legal redress litigation both administrative and civil and the role of the courts international cooperation efforts made in relation to chinese antitrust enforcers the relationship between the aml and china s anti bribery rules the treatment of vertical integration or cooperation and how the aml rules apply to intellectual property rights throughout the book there are analyses of major judgments with key conclusions to be drawn from them as well as comparisons with corresponding judgments in other jurisdictions this book is the first comprehensive analysis of the aml and as such will be of inestimable value to business persons and in house counsel as well as to academics in chinese law and competition law from a global perspective

vols 2 and 5 include appendices
